Subject: Our economy depends on the river

The EPA is foolish to tell small companies and families they must foot a big bill for the river cleanup when many of them struggle.

If this EPA plan goes forward with a big price tag, our small companies that work on the river will never be able to afford the bills you will send them. We're asking that you please consider what the impacts on the environment but also on employers and taxpayers.

Please do what's right for Portland, our environment and our jobs.

Sincerely,
